### **About Nevill Hall Hospital**

Nevill Hall district general hospital was opened in 1969 and provides inpatient, day case and outpatient services together with a complete range of investigations. The hospital is a designated major trauma centre with an Accident and Emergency department.

Other services provided on or from the site include:

- Community Child Health Services
- Cardiology
- Oral Surgery
- Ear Nose and Throat
- Ophthalmology (including day case surgery)
- Oncology
- Oral Surgery
- Dermatology
- Plastic Surgery
- Integrated Cross Sectional Imaging (Magnetic Resonance and Computer Tomography scanning)
- Psychiatry
- Clinical Genetics

At weekends the facilities of the outpatient department are used by local G.P.s for the holding of their surgeries.

The following individual departments have achieved awards:

- Pathology has attained accreditation by C.P.A. (U.K.)
- C.S.S.D. has achieved B.S.I. accreditation I.S.O. 9002 and I.S.O. 46002
- Glan Usk suite has a 'Q' award

There is also a new **Post Graduate Medical Centre** on site (opened January 2002) which hosts multi-disciplinary training in a range of specialties as well as providing specific teaching for doctors in training. Recent events include:

- a number of all-Wales seminars and symposia
- hosting and invigilation of the examination for G.P. Registrars from all over Wales
- the highly acclaimed 4 monthly M.R.C.P. course
- a series of practical tutorials for G.P.s
- a Presentation Skills course for overseas doctors run jointly with Gwent Tertiary College

The hospital has recently developed a '**Millennium garden**' which provides both disabled and other visitors to the site with an enjoyable sensory experience.

A number of other developments have recently been carried out on the site, including a new coronary care unit, increased clinical facilities in the Outpatients department, a new Medical Records department, and a state-of-the art gamma camera facility.
